## Powering To Perform

**Technical Engineering & Marketing Services or TEAMS (Bahrain)**, A Contracting and Trading Division of The Bahrain Ship Repairing and Engineering Company (BASREC) was established in 1975 as an electrical engineering company specialised in providing mechanical and electrical products to its portfolio of prestigious clients. BASREC was formed in 1962 and remains one of Bahrain's leading marine services companies, and is currently listed on the Bahrain Bourse.

**TEAMS (Bahrain)** is associated with many leading electrical and mechanical engineering brands. Reliability, durability, continuity and safety remain the basic parameters in selecting choice of partners. TEAMS (Bahrain) is well equipped with state-of-the-art facilities for assembly of all kinds of customised LV products. We assure our customers of the best we can deliver.
